MEMORANDUM FOR: Project Director

25X1C8c

SUBJECT : Consultation with [REDACTED]

1. On Wednesday I conferred with General Cabell, as you had suggested, on the above subject. The course of that discussion led to General Cabell's preference for a different procedure which has now been firmly established as follows.

2. [REDACTED] will arrive at General Cabell's office at 10:00 a.m., March 10. I have arranged to have them escorted to HTAUTOMAT where Art Lundahl will give the [REDACTED] one of high level briefings. Lunch will be held in the Director's dining room with the following in addition to the DCI invited to be present: [REDACTED] General Cabell, General Lewis, Mr. Bissell, Mr. Amory and myself. At this luncheon discussion of the problem at hand is to take place which I presume will lead to a decision then or subsequently as to what we are to do for [REDACTED]
